Reg Team,

I know we have discussed this recently but please see the note from OP below. Please ensure that all items in ADP tracker through September reflect accurate dates. Please note the section from OP that I highlighted pertaining to things that were signed and not published in the FR, those items will need to be resigned and added back to tracker. Also, if you have items that are not listed in ADP tracker please list them. Please ensure everything is completed by **COB tomorrow**. Thank you!

Amber Iglesias.

Hello –

Attached is a list of actions (regulations, general permits, and guidance documents) with upcoming signature dates between now and the end of September. As best you can, by COB tomorrow, please review this list and make any necessary updates to the dates in ADP Tracker. Note that if something isn't on this list and should be, you'll need to update the dates for those actions in ADP Tracker as well. Please also examine carefully any information on deadlines and ensure the entered information is accurate and add any missing information. If you think a rule that was signed but did not get published in the Federal Register should be on this list (those will all need to be resigned, if/when they move forward), please let us know, we may need to add another signature milestone in Tracker.

If you have any questions, please let me or Bridgid know.

Thanks,

Nicole
